**Description:**

Organizations know that they must have the best talent in order to succeed in the hypercompetitive and increasingly complex global economy.

Along with the understanding of the need to hire, develop, and retain talented people, organizations are aware that they need to retain and develop their top talent.

We will discuss succession planning, talent development, training and engaging employees in their own development plans.

**Course Benefits:**

- Talent Assessment and Review –focus on business-related talent challenges, identify key talent and implement key development initiatives to retain them.
- Succession Planning –identify critical jobs and successors to fill those jobs and assume key leadership positions within your company.
- Performance Management Process – develop an efficient, yet rigorous performance management process that fits your business strategy to achieve key goals.
- Promotion Process – develop and implement comprehensive promotion processes to ensure that the right people are selected for the next level of leadership.
